September 19, 2019

Dear Parents,

Greetings!

The Philippine Emirates Private School continues to perform its commitment in providing quality education and securing utmost safety of our students. But due to unavoidable circumstances our school was put into very tough situation which resulted to the delay opening of School Year 2019-2020. Specifically, the recent events hindered the management to send students to school. However, we are ought to solve and reprimand to avoid further damages.

Moving to Al Khwarizmi International College was the best immediate solution done at that time. Unfortunately, due to inevitable circumstances which were beyond the control of anyone, the management had decided to look for a better location of PEPS.

Finally, with God's grace, we are able to find a location which the management thought as the best for the whole PEPS community. Thus, we are pleased to inform you that the final relocation place of our school will be situated in **BANIYAS WEST**, specifically at **INTERNATIONAL INDIAN SCHOOL**.

The relocation process will start immediately and we ought to observe and begin classes on **Sunday, September 22, 2019**.

We sincerely apologize for the inconveniences the whole process had caused you and your family and humbly appeal for your full support; we are positive that we will be able to start the year with your cooperation and help to the school management, faculty and staff.

Thank you and God bless us all!

PEPS Management
