April 1, 2020

Dear Parents,

Greetings!

Please be informed that as per the attached ministerial decree, Distance Learning is now legislated and will continue until the end of the Academic Year 2019-2020. The respective term will officially start on April 5, 2020. This is a precautionary measure to avoid the spreading of COVID 19 (Novel Corona Virus) to make sure that our children are safe and protected.

On the basis, we have to continue our session on Distance Learning. Over the last week, it has been implemented with your help and cooperation. We are doing our best in enhancing the experience regarding the technology.

We will continue reaching out through our technology platform, to instruct your children. We will utilize Team Microsoft, Google Classroom and other ways our students are familiar.

For our younger students, we plan on using a combination of Technology and learning packets while for those students who do not have home internet access, we will do our best we can to develop materials to support students learning.

As a final thought during these very stressful times, it's important that we give each other grace. Our main objective is the safety of our children and their education. We are all in their together.

I thank you for your patience and understanding extended to Philippine Emirates Private School as we work collaboratively to make the best decisions for our children. We do appreciate your unquestionable loyalty and benevolence

Thank you.

Yours Truly;

LALAINA C. RAGODON, MAED
School Principal
