Dear Parents,

Greetings!

During this time of Pandemic due to Covid -19, we want to ensure that each of our students continue to have access to higher-quality education.

Philippine Emirates Private School plan to deliver instruction in accordance to the needs of our students and approved by the parents.

The Federal Government of UAE had order that the Re- Opening of incoming School year is mandatory to all students to return to school, following the policies and guidelines issued by ADEK.

As we study the different school re- opening models by Adek the school decided to choose Blended Model where Distance Learning and Face to Face Learning is observed.

In regards to this matter, in order to prepare the school for the re-opening for School Year 2020-2021 which will start on August 30, 2020, may I appeal to each and every parents to enroll your child as early as possible so that we can be able to make a plan based on our enrollment, ensuring the safest possible environment for our children, mindful of the fact that the school mission is observe and that is to educate our children holistically.

At this point and time before the start of the School year we need to consider the Safe Operations, Teaching and Learning, Staff and Students Well Being and Community Support.

We once again appeal to your support and understanding on this matter. Rest assured that we are doing our best to ensure the safety and well-being of our children.

We thank you for your continuous support for the school's effort to better serve you.

Thank you very much. God bless us all.
